

Hurricane Update:

Good news - The recent hurricane did not damage our well!

With the earthquake victims, food insecurity, and ongoing political unrest LOVE Takes Root continues to focus on the sustainable future and education. The building of 11th and 12th grade classrooms is almost complete and plans for students this September when school starts.

The project employed an all Haitian building staff. We are excited to look forward to our high school graduates 2023!

During our last trip, with our medical provider, we were able to carry down school shoes, underwear, and socks for each child at the orphanage. The children have not had new shoes since Sept 2019 and are very excited.

We are accepting donations to pay for these supplies here:

Why is LOVE Takes Root staying the course:

**Do all the good you can,
in all the ways you can,
to all the souls you can,
in every place you can,
with all the zeal you can,
as long as ever you can.**
