

## Welcome!

ROOTS for a Child is a program designed to link sponsors with a specific child at the orphanage. A long-distance relationship with our sponsored child provides them with financial, social and emotional support as they seek ways to thrive.

The children at La Concorde orphanage are proud to have you as their sponsor. They are quick to tell anyone who their sponsor is, where they live and if they own a dog. They treasure every card and photo.

## Responsibilities of a Sponsor

### About La Concorde Orphanage

La Concorde orphanage is in Jacmel Haiti. It sits outside of town and is behind the regional airport. It has 3.8 acres of land. This includes a boys cottage and girls cottage, staff housing, dining hall with kitchen, primary school, secondary school, and a health clinic. There are 67 children living at LaConcorde Orphanage. With the escalating costs of food and supplies in Haiti it is necessary for each child to have 3 sponsors. Each sponsor is asked to do a few simple things:

**CONTRIBUTE \$720 per year**, which allows for the child's basic needs to be met, daily food, clean water, clothing, education tuition and health care maintenance. The preferred payment method is to set up a \$60 monthly automatic bank withdrawals. If this does not work for you the \$720 can be paid yearly via check or credit card. This amount will be paid yearly until your sponsored child becomes a productive member of Haitian society after completing LOVE Takes Flight.

**Provide a photo of you or your family.**

**Yearly write an email note or send a card to be hand carried to your sponsored child.**

**Share with others** we are in need of additional Sponsors so let others know about your generosity!
